

GLOBAL HEALTH CONFERENCE

# MOBILIZING MEDICAL MISSIONS CONFERENCE 2018

**FEBRUARY 23-24 | HOUSTON, TX**

The Mobilizing Medical Missions (M3) Conference is designed to bring together doctors, nurses, dentists, and other healthcare professionals, as well as anyone who has a desire to use their skills to meet pressing global healthcare needs. At M3, hear from experts in the field of global health and be inspired by men and women who are in the trenches, often in resource-limited settings, doing what they can to make a difference in people's lives. In the M3 Exhibit Hall, connect with over 70 organizations working in the areas of medical missions, orphan care, WaSH (water, sanitation or hygiene), human trafficking, poverty and injustice. Held in Houston, Texas, each year, the M3 Conference reaches around the world to touch the hearts and lives of people in need.
