

Can you see it?

In John 4, Jesus said, "Open your eyes and take a good look at what's right in front of you." Right now:

- 830 mothers in low-resource communities die daily of childbirth-related issues.
- 74 million people are displaced or refugees.
- 420 million children live in war zones.
- Half of the world's population lacks access to basic medical care.
- 2 billion people have no access to the Gospel of Jesus Christ.

This is what, as John writes, is right in front of us.

It's easy to look past these statistics and complicated issues, but our encouragement at the M3 Conference is to, instead, bring them into focus. We urge you to pray about how God can use you to be a part of the solution. There's no better place to get started than M3 2020. We look forward to seeing you there.

Blessings,

Paul & Jennifer
